In most areas of the country, state or local law does not require that you buy a container to surround the urn in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. A burial vault will satisfy these requirements. Although certain urn vaults offered for sale by this funeral establishment may be of better quality construction and comprised of more durable material than others, neither this funeral establishment nor any of its employees represents or implies that any urn will be air tight or water tight or will provide long-term preservation of cremated human remains.
